Sir while I
I was a soldier in the United States
army Certain parties prevailed on my
wife Ann E. Walton to sell part of her
land taking it in such away as to
materially injure the sale of the rest
throwing it in such a shape that no other
parties would pay the full value for it
And in such a shape that I could not
improve it to any advantage Hence I have
done nothing on it and I regard the
transaction a swindle That it may
be investigated You will please
return the deeds not approved and
oblige

Joseph Walton
