

We the two Chiefs of the Shawnee
tribe of Indians of the State of
Kansas do here by certifying that Eu-
mie Eaton the Grant's Mother-in-law
in the accompanying deed of convey-
ance is the owner by inheritance
of four hundred acres of land
besides her own selection -
that the consideration paid was
full and ample, and more in
our opinion than it would be
now at the present time, and
believing by the approval of the
dead justice would be done to
all parties we therefore recommend
its approval.
