Dear Sir

I have now to hand the enclosed letter of introduction of Emile Dretorins Esq. and please the liberty of asking your assistance in the following matter: by the enclosed letter of the Comm. of Indian Affairs the Dept. from Ma-con-sah to me, you will observe that he wishes the approval, for the reason that the Deed conveys to acres more than half of the head right, which action makes my title defective, and there being but so small a difference and the land of Ma-con-sah being nearly 320 acres by actual measurement, as I am credibly informed, I take the liberty of asking your assistance in procuring the approval of the Deed by the Department.

Hoping you will be kind enough to grant you your assistance, and hoping you will excuse the trouble I am thus giving you, I beg you to accept my kindest acknowledgments in advance & to believe me to be with highest regard
your obt. Servt
