Dec. 25th 1868.

Sir:

I herewith transmit a deed of Conveyance from Rebecca Fitzpatrick, formerly Donaldson, a Shawnee Indian, for the approval of the Secretary of the Interior. - This, with former sales, conveys all the land embraced in her patents.

The grounds on which the approval of this deed is asked for, are, that she owns in her own right other property, which would readily sell for more than Forty Thousand Dollars; that she is well educated, nearly white, is married to a white man, and is in every respect competent and well qualified to manage her own affairs, and I am well satisfied from my own knowledge, that the approval of the deed would be

Beneficial to the grantor, and I therefore
so recommend

Very Resp^d

Yours Obedt Serv^t
