Quindaro, Kansas, June 28, 1869.

Hon. Eli S. Parker, Comr. of Indian Affairs.

Sir, I have been requested to bring to your notice the following case, 200 acres of land were sold to two men of the names of Glen & Johnson by the Administrator of the estate of Susan Buck Cheard, a Shawnee Indian. This land had been sold under the forms observed in such cases and the deed delivered to the purchasers. Subsequently Mr. John B. Campbell bought the land of the first purchasers for \$2,500. And now he understands a Mr. Hughes has in some way received another title to the same land and that James B. Abbott, late Shavnee Agent, has guaranteed a good title to Hughes. Mr. Campbell desires you to suspend action on this case until he can bring all the facts before you as the approval of the sale to Hughes would deprive him of all remedy. I have not now a description of the land but will send it as soon as I get it. In the mean time I trust the data above given will enable you to suspend action in the case until all the facts are presented which will be done without unnecessary delay.

Very respectfully

Yours obt. servant
Orland Guthrie
