

Shawnee Indian Agency 9th June 23rd 1869

A deed of conveyance was made at this office in sixth month 1867 by Locust Pascall Mary Pascall & Eliza Pascall (the latter wife of Locust Pascall) claiming to be sole heirs of Josephus Pascall a Shawnee Indian, To June Heightsman for one hundred acres of the head right of said Josephus Pascall, said deed having been approved by the Secretary of the Interior, Upon the sale of the other hundred acres of the head right of the said Josephus Pascall Deceased, The question of heirship ~~arose~~ of said land came before the Shawnee Council, Whereupon the Council Unanimously decided that Mary Pascall, (Quah-tah-se-a) had forfeited her right to inherit any portion of said estate by her having abandoned the tribe & renounced her connection with said Tribe, Locust Pascall has died since making the deed referred to, leaving Eliza his wife to represent the interest of one heir which in said deed was represented by three persons, above referred to

The said Shawnee Council recognising George R Ironsides
& Charles J Ironsides his son (a Minor) as representing the only
other heir of said estate & the said George R Ironsides
& the Chiefs have sold this last half of said estate con-
sisting of one hundred acres to August Zeisenis &
the other hundred having been deeded as above referred
to by Eliza & Louist Pascall, The division having been
thus made,

I would recommend that an
early attention be solicited of the Department to the facts
in reference to the deed for the last hundred acres
made by George R Ironsides & the Chiefs to August
Zeisenis that it might have the approval of the Secretary
of the Interior at the earliest convenience

Respectfully
