Sir

I herewith enclose for the approval of the Secretary of the Interior a deed of conveyance from Eunice Eaton a Shawnee Indian to Isador Bernstein.

By reference to Acting Commissioner Mix, letter of Sept. 20th 1861 it will be seen that said deed was transmitted to your office for approval on the 30th day of Aug, 1861. But was returned unapproved for the reason that by said deed she conveyed more than one half of the land assigned her under treaty stipulations.

It will be seen by the enclosed certificate of the Chiefs of the tribe that Mrs Eaton has not conveyed more than one half of her land. But that fact, not being known at the time, by the Granting, no effort

has been up to the present time
to secure the approval of the
dud.

Believing that no further ~~obstacle~~
exists to the approval, I respectfully
ask for early consideration of the case.

Very Respectfully
Yours Obt. Servt.
