Dear Friends

From a copy of a letter  
from your office May 4<sup>th</sup> 1869 to the Register  
of the Land office Topeka Kansas. I am  
informed the records in your office show  
the land I desired information about (and  
which letter of inquiry the one above  
referred to from your office was an answer  
too) to have been patented to one George  
Silcambus a Shawnee Indian. Permit me  
to suggest that George Silcambus (who is sometimes  
called George Blunjakett here) has a patent for a  
selection in Sections 15 & 20 Town 13 of Range 31

and does not claim the Selection in  
Section 8 Town 13 of Range 22. If on investigation  
this is found to be correct, will there be a  
chance for the parties now residing on this  
abandoned Selection to buy it? & if so  
what steps will be necessary to do the same.

Yours Respectfully  
Levi Woodard,

To Hon

Farker
